This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Arrhythmogenic Substrates in the Left Atrium in Patients With Prior Mitral Valve

Surgery

by

Hideharu Okamatsu M.D., Ken Okumura M.D., Ph.D., Junjiro Koyama M.D., Ph.D.

From the Division of Cardiology, Saiseikai Kumamoto Hospital Cardiovascular Center,

Kumamoto, Japan

There is no conflict of interest.

All Correspondence to: Ken Okumura, M.D.
