This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Use of flecainide in combination antiarrhythmic therapy in patients with arrhythmogenic right ventricular cardiomyopathy

Simon Ermakov, M.D., Edward P. Gerstenfeld, M.D., FHRS, Yana Svetlichnaya, M.D., MSc, Melvin M. Scheinman, M.D., FHRS

All authors affiliated with the division of cardiovascular medicine, University of California – San Francisco, 505 Parnassus Ave, San Francisco, CA 94143

Brief title: Flecainide combination therapy in ARVC

Conflicts of interest: Potential conflicts of interest include Dr. Melvin Scheinman's lecture fees from Medtronic, St. Jude, Biotronik, and Jensen Inc. No other authors have conflicts of interest to disclose.

Funding: This research did not receive any specific grant from funding agencies in the public, commercial, or not-for-profit sectors.
