Risk reclassification ability of uric acid for cardiovascular outcomes in essential hypertension

Maria Perticone, Giovanni Tripepi, Raffaele Maio, Antonio Cimellaro, Desirée Addesi, Rossella Baggetta, Angela Sciacqua, Giorgio Sesti, Francesco Perticone

PII: S0167-5273(17)31307-4
DOI: doi:[10.1016/j.ijcard.2017.05.051](https://doi.org/10.1016/j.ijcard.2017.05.051)
Reference: IJCA 25009

To appear in: *International Journal of Cardiology*

Received date: 28 February 2017
Accepted date: 10 May 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
