

## Accepted Manuscript

Position of ST-deviation measurements relative to the J-point: impact for ischemia detection

Sumche Man MD, C. Cato ter Haar MD, Marjolein C. de Jongh BS, Arie C. Maan PhD, Martin J. Schalij MD, PhD, Cees A. Swenne PhD

PII: S0022-0736(16)30282-5  
DOI: doi: [10.1016/j.jelectrocard.2016.10.012](https://doi.org/10.1016/j.jelectrocard.2016.10.012)  
Reference: YJELC 52325

To appear in: *Journal of Electrocardiology*

Please cite this article as: Man Sumche, ter Haar C. This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Position of ST-deviation measurements relative to the J-point: impact for ischemia detection
