

# Author's Accepted Manuscript

Longitudinal structural, functional and cellular myocardial alterations with chronic centrifugal continuous flow left ventricular assist device support

Kavitha Muthiah, David T. Humphreys, Desiree Robson, Kumud Dhital, Phillip Spratt, Paul Jansz, Peter S. Macdonald, Christopher S. Hayward

PII: S1053-2498(16)30142-5  
DOI: <http://dx.doi.org/10.1016/j.healun.2016.05.017>  
Reference: HEALUN6279

To appear in: *Journal of Heart and Lung Transplantation*

Received date: 22 November 2015  
Revised date: 15 May 2016  
Accepted date: 18 May 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
