This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

A Novel Combination Technique of Cold Crystalloid Perfusion But Not Cold Storage Facilitates Transplantation of Canine Hearts Donated After Circulatory Death

Authors:

Franklin Rosenfeldt, MD, FRACS^{1,2,4}, Ruchong Ou, MBBS, MD^{2,4}, Robert Salamonsen, FFA, CSANZ⁵, Silvana Marasco, MS, FRACS¹, Adam Zimmet FRACS¹, Joshua Byrne, CCP³, Filip Cosic¹, Pankaj Saxena, FRACS, PhD¹, Donald Esmore, FRACS^{1*}

Running title:

Cold crystalloid perfusion for DCD heart preservation

Institution:

Department of Cardiothoracic Surgery¹, Cardiac Surgical Research Unit², Perfusion Department³, Alfred Hospital, Melbourne, Australia and Department of Surgery⁴ and Dept Epidemiology and Preventive Medicine⁵, Monash University, Melbourne, Australia.

*Deceased

Key words:

Heart, Crystalloid, Perfusion, Preservation, DCD, Transplantation
