Cardiac repair with pluripotent stem cell-derived cardiomyocytes: proof-of-concept but new challenges

Hassan Masoudpour, MD, Michael Laflamme, MD, PhD

PII: S0022-5223(17)31150-9

DOI: [10.1016/j.jtcvs.2017.05.088](https://doi.org/10.1016/j.jtcvs.2017.05.088)

Reference: YMTC 11648

To appear in: *The Journal of Thoracic and Cardiovascular Surgery*

Received Date: 6 April 2017

Revised Date: 8 May 2017

Accepted Date: 22 May 2017

Please cite this article as: Masoudpour H, Laflamme M, Cardiac repair with pluripotent stem cell-derived cardiomyocytes: proof-of-concept but new challenges, *The Journal of Thoracic and Cardiovascular Surgery* (2017), doi: 10.1016/j.jtcvs.2017.05.088.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Cardiac repair with pluripotent stem cell-derived cardiomyocytes:
proof-of-concept but new challenges**

Hassan Masoudpour, MD ¹, Michael Laflamme, MD, PhD ^{1, 2 *}
