E-mail: helia.robert-ebadi@hcuge.ch

This manuscript represents original work, and it is not under consideration for publication elsewhere. It has never been neither submitted nor published in another scientific journal. All authors meet criteria for authorship and none of the authors have any conflict of interest. All had access to all data in the study, read, approved the final manuscript, and held responsibility for the decision to submit it for publication.

Word count: 5'141

Word count for abstract: 249

Tables: 7

Figures: 0

Running head: anticoagulant therapy for symptomatic distal vein thrombosis

Keywords: calf deep vein thrombosis, distal deep vein thrombosis, diagnosis, anticoagulant therapy, compression ultrasound
