Conflicts of interest and sources of funding:

Conflicts of interest and sources of funding: Dr. Pontone was part of the multi-center phase III clinical trial for pimavenserin, funded by Acadia pharmaceuticals inc. He also co-wrote a short booklet on psychosis in Parkinson's disease for the National Parkinson Foundation for which there was an honorarium. The booklet was sponsored in part by Acadia pharmaceuticals inc. Dr. Anderson discloses that he serves as a compensated consultant for a medical device company called Longeviti Neuro Solutions, LLC. None of the other authors have declared any other conflicts of interest or sources of funding.

Dr. Pontone is supported by NIH grant K23AG044441.
