MANUSCRIPT DETAILS: Abstract 258 words, Article 2938 words, 69 references

This analysis was funded by NHMRC grant ID 1032350, 547500 & 1062133

Acknowledgements

We would like to acknowledge the contribution of the participants and their supporters who have contributed their time and patience for over 20 years to the University. A full list of all researchers contributing to the project and the membership of our Scientific Advisory Board is available at <http://www.medrmhwh.unimelb.edu.au/Research/WHAP.html>. We are thankful to our participants, team, partners and supporters for making this study of now more than 20 years possible. Funding for the WHAP has been provided by the National Health and Medical Research Council (NHMRC Grants 547500, 1032350 & 1062133), Ramaciotti Foundation. Brain Foundation, the Alzheimer's Association (NIA320312), Australian Menopausal Society, Bayer Healthcare, Shepherd Foundation, Scobie and Claire McKinnon Foundation, Collier Trust Fund, J.O. & J.R. Wicking Trust, Mason Foundation and the Alzheimer's Association of Australia. The Principal Investigator of WHAP (CSz) is supported by the National Health and Medical Research Council and the Faculty of Medicine, Dentistry and Health Sciences at the University of Melbourne.
