Word Count: 207 in Abstract; 3418 in Manuscript

Author Contributions: IHI performed systemic literature search, hand search of references cited, assessment of full-text articles from short-listed abstracts, data extraction and writing first draft of manuscript. IHI and MWD contributed to statistical analysis. IHI, UJM, LRB, SDY, PC, and NA contributed to data extraction. IHI, MWD, LRB, SDY, PC, NA, RS and UJM contributed to revising the final manuscript.

Declaration of Conflicts of Interests:

IHI, LB, SDY, MWD and UJM report no conflicts of interest.

RS reports receiving grants from NIH for Phenotyping and OSA, grants from ResMed to study OSA/CSA and CPAP in hospitalized patients, being the investigator for Jazz clinical trial for EDS in OSA, being the investigator for Inspire post-marketing clinical trial, and consultant for Apnicure, Foramis Medical Group, and CryOSA.

PC holds an endowed academic chair funded by ResMed Inc. He has received research support (funding and/or equipment) from ResMed, SomnoMed, Zephyr Sleep Technologies. He is an advisor/medical advisory board member for Zephyr Sleep Technologies, NovoNordisk, and Fisher and Paykel Healthcare. He has received travel support from Fisher and Paykel and SomnoMed. He has a pecuniary interest in SomnoMed related to previous research and development involvement.
