Involvement of TRPV1 and TDAG8 in pruriception associated with noxious acidosis

Shing-Hong Lin, Martin Steinhoff, Akihiko Ikoma, Yen-Ching Chang, Yuan-Ren Cheng, Ravi Chandra Kopparaju, Satoshi Ishii, Wei-Hsin Sun, Chih-Cheng Chen

PII: S0022-202X(16)32270-9

DOI: [10.1016/j.jid.2016.07.037](https://doi.org/10.1016/j.jid.2016.07.037)

Reference: JID 494

To appear in: *The Journal of Investigative Dermatology*

Received Date: 20 January 2016

Revised Date: 27 June 2016

Accepted Date: 18 July 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Involvement of TRPV1 and TDAG8 in pruriception associated with noxious acidosis
