

## Accepted Manuscript

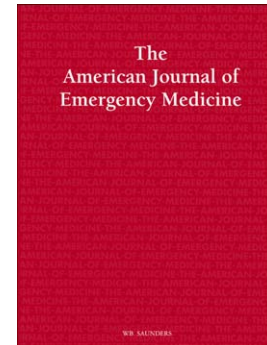

Diagnostic accuracy of fibrinogen to differentiate appendicitis from non-specific abdominal pain in children

Marcos Prada-Arias MD, PhD, José Luis Vázquez MD, PhD, Ángel Salgado-Barreira PhD, Javier Gómez-Veiras MD, Margarita Montero-Sánchez MD, PhD, José Ramón Fernández-Lorenzo MD, PhD

PII: S0735-6757(16)30692-1  
DOI: doi: [10.1016/j.ajem.2016.10.003](https://doi.org/10.1016/j.ajem.2016.10.003)  
Reference: YAJEM 56175

To appear in: *American Journal of Emergency Medicine*

Received date: 23 July 2016  
Revised date: 7 September 2016  
Accepted date: 3 October 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Title page****Title**

**Diagnostic accuracy of fibrinogen to differentiate appendicitis from non-specific abdominal pain in children**

**Short running head**

**Diagnostic accuracy fibrinogen in appendicitis**

**Authors**
