Corresponding Author: John P. Haran, MD, 55 Lake Avenue North, Worcester, MA 01655; Phone: 508-450-8688; email: john.haran@umassmed.edu; fax: 508-421-1490

Meetings: None

Grant: This study was designed and carried out at the University of Massachusetts Medical School and was supported by an intradepartmental grant through the Department of Emergency Medicine. PLH is supported by an NIH award 5K24AT003683-09.

Conflicts of Interest: None of the authors listed have any conflict of interest.

Word Count: Abstract 250, Main Article 3,389

Author Contributions: JPH, JT, and PLH conceived the study, designed the trial, and obtained research funding. JPH, EW, and TZ supervised the conduct of the trial and data collection. JPH, EW and TZ recruited participating centers and patients and managed the data, including collection and quality control. JPH and FLB provided statistical advice on study design and analyzed the data; JPH drafted the manuscript, and all authors contributed substantially to its revision. JPH takes responsibility for the paper as a whole.
