A specialty clinic for functional gastrointestinal disorders in tertiary care: Concept and patient population

Sabrina Berens, Felicitas Kraus, Annika Gauss, Jonas Tesarz, Wolfgang Herzog, Beate Niesler, Esther Stroe-Kunold, Rainer Schaefer

PII: S1542-3565(17)30284-7  
DOI: [10.1016/j.cgh.2017.02.039](https://doi.org/10.1016/j.cgh.2017.02.039)  
Reference: YJCGH 55148

To appear in: *Clinical Gastroenterology and Hepatology*  
Accepted Date: 27 February 2017

Please cite this article as: Berens S, Kraus F, Gauss A, Tesarz J, Herzog W, Niesler B, Stroe-Kunold E, Schaefer R, A specialty clinic for functional gastrointestinal disorders in tertiary care: Concept and patient population, *Clinical Gastroenterology and Hepatology* (2017), doi: 10.1016/j.cgh.2017.02.039.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 **A specialty clinic for functional gastrointestinal disorders in tertiary care:**  
2 **Concept and patient population**

3  
4 Short title: FGID clinic – concept and patient population
