To appear in: *Clinical Gastroenterology and Hepatology*
Accepted Date: 14 February 2017

Please cite this article as: Kuenzig ME, Barnabe C, Seow CH, Eksteen B, Negron ME, Rezaie A, Panaccione R, Benchimol EI, Sadatsafavi M, Aviña-Zubieta JA, Kaplan GG, Asthma is Associated With Subsequent Development of Inflammatory Bowel Disease: a Population-based Case–Control Study, *Clinical Gastroenterology and Hepatology* (2017), doi: 10.1016/j.cgh.2017.02.042.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Manuscript Number: CGH 16-02007

Title: Asthma is Associated With Subsequent Development of Inflammatory Bowel Disease: a Population-based Case–Control Study

Short Title: IBD and asthma
