Grant Support: National Institutes of Health grants T32DK07634, K07CA160772 (HK Sanoff), and K12CA120780 (JL Lund)

Author Financial Disclosures: Dr. Sanoff receives research funding through Bayer and Novartis; Dr. Lund received a Research Starter Award from the Pharmaceutical Research and Manufacturers of America (PhRMA) Foundation

Author Conflicts: The authors declare no conflicts of interest.

Author Contributions: Dr. Murphy had full access to all of the data in the study and takes responsibility for the integrity of the data and the accuracy of the data analysis.

Study concept and design: Murphy, Baron, Sandler

Acquisition, analysis, or interpretation of data: all authors

Drafting of the manuscript: Murphy, Baron

Critical revision of the manuscript for important intellectual content: all authors

Statistical analysis: Murphy

Study supervision: Baron

Text word count (including subheadings and references): 4078

References: 67

Tables/Figures: 2

Supplementary Material: 6 tables, 1 figure
