This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

A Randomized Trial of Motivational Interviewing and Facilitated Contraceptive Access to Prevent Rapid Repeat Pregnancy among Adolescent Mothers

Jack STEVENS, PhD; Nationwide Children's Hospital and the Ohio State University

Department of Pediatrics; Columbus, OH

Robyn LUTZ, BSN; OhioHealth Research and Innovation Institute; Columbus, OH

Ngozi OSUAGWU, MD; OhioHealth Research and Innovation Institute; Columbus, OH

Dana ROTZ, PhD; Mathematica Policy Research; Cambridge, MA

Brian GOESLING, PhD; Mathematica Policy Research; Princeton, NJ

Dr. Osuagwu is Clinical Training Faculty for Nexplanon (etonogestrel implant) but has a No Fee Training Agreement with Merck. Dr. Stevens, Ms. Lutz, Dr. Rotz, and Dr. Goesling report no conflicts of interest.

This research was supported by contracts 90AP2668 and HHSP233201450030A from the Department of Health and Human Services (Administration for Children and Families and Office of Adolescent Health, respectively). The first funding source reviewed this manuscript but the decision to submit for publication was made ultimately by the authors.

The trial was registered with ClinicalTrials.gov (identifier: NCT01456793).
