This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Running Head:

Polestriding improves gait in PD

Title:

Polestriding intervention improves gait and axial symptoms in mild to moderate Parkinson's disease

Authors:

Narayanan Krishnamurthi, PhD^{1,2,3}, Holly Shill, MD⁴, Darolyn O'Donnell, CRTS³, Padma Mahant, MD⁵, Johan Samanta, MD⁵, Abraham Lieberman, MD³, and James Abbas, PhD²

Places where study was conducted:

Center for Adaptive Neural Systems, Arizona State University, Tempe, AZ 85281

Banner Sun Health Research Institute, Sun City, AZ 85351

Affiliations:
