Title: Optical coherence tomography in the diagnosis of actinic keratosis – A systematic review

Authors: K.B.E. Friis, L. Themstrup, G.B.E. Jemec

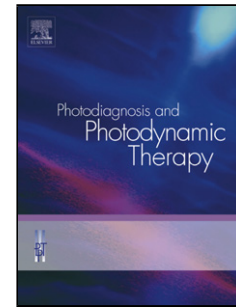

PII: S1572-1000(16)30265-4
DOI: <http://dx.doi.org/doi:10.1016/j.pdpdt.2017.02.003>
Reference: PDPDT 900

To appear in: *Photodiagnosis and Photodynamic Therapy*

Received date: 29-11-2016
Revised date: 5-2-2017
Accepted date: 6-2-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Optical Coherence Tomography in the Diagnosis of Actinic Keratosis – a Systematic Review.
