Temporal Changes in Kidney Stone Composition and in Risk Factors Predisposing to Stone Formation

Li Hao Richie Xu , Beverley Adams-Huet , John R. Poindexter , Naim M. Maalouf , Orson W. Moe , Khashayar Sakhaee

PII: S0022-5347(17)30083-6
DOI: [10.1016/j.juro.2017.01.057](https://doi.org/10.1016/j.juro.2017.01.057)
Reference: JURO 14331

To appear in: *The Journal of Urology*

Please cite this article as: Richie Xu LH, Adams-Huet B, Poindexter JR, Maalouf NM, Moe OW, Sakhaee K, Temporal Changes in Kidney Stone Composition and in Risk Factors Predisposing to Stone Formation, *The Journal of Urology*® (2017), doi: 10.1016/j.juro.2017.01.057.

DISCLAIMER: This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our subscribers we are providing this early version of the article. The paper will be copy edited and typeset, and proof will be reviewed before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to The Journal pertain.

Embargo Policy

All article content is under embargo until uncorrected proof of the article becomes available online.

We will provide journalists and editors with full-text copies of the articles in question prior to the embargo date so that stories can be adequately researched and written. The standard embargo time is 12:01 AM ET on that date. Questions regarding embargo should be directed to jumedia@elsevier.com.

**Temporal Changes in Kidney Stone Composition and in Risk Factors
Predisposing to Stone Formation**

Li Hao Richie Xu³, Beverley Adams-Huet^{3,4}, John R. Poindexter³, Naim M.
Maalouf^{2,3}, Orson W. Moe^{1,2,3}, and Khashayar Sakhaee^{1,2,3}
