Research report

Vagus nerve stimulation produces a hippocampal formation theta rhythm in anesthetized rats

Adam Broncel, Renata Bocian, Paulina Kłos-Wojtczak, Jan Konopacki

PII: S0006-8993(17)30374-8

DOI: <http://dx.doi.org/10.1016/j.brainres.2017.08.030>

Reference: BRES 45472

To appear in: *Brain Research*

Received Date: 19 April 2017

Revised Date: 22 August 2017

Accepted Date: 26 August 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Vagus nerve stimulation produces a hippocampal formation theta rhythm in anesthetized rats**
