Methylprednisolone as a memory enhancer in rats: effects on aversive memory, long-term potentiation and calcium influx

Liane da Silva de Vargas, Rithiele Gonçalves, Marcus Vinícius S Lara, Zaquer S M Costa-Ferro, Simone Denise Salamoni, Michelle Flores Domingues, Angela Regina Piovesan, Dênis Reis de Assis, Lucia Vinade, Alexandre P Corrado, Wilson Alves-Do-Prado, Paulo Correia-de-Sá, Jaderson Costa da Costa, Ivan Izquierdo, Cháriston A Dal Belo, Pâmela B Mello-Carpes

PII: S0006-8993(17)30250-0
DOI: <http://dx.doi.org/10.1016/j.brainres.2017.06.007>
Reference: BRES 45389

To appear in: *Brain Research*

Received Date: 17 January 2017
Revised Date: 3 June 2017
Accepted Date: 5 June 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
