Title: A Novel Technology to Model Pressure-Induced Cellular Injuries in the Brain

Authors: Michael E. Smith, Ramin Eskandari

PII: S0165-0270(17)30352-7
DOI: <https://doi.org/10.1016/j.jneumeth.2017.10.004>
Reference: NSM 7865

To appear in: *Journal of Neuroscience Methods*

Received date: 28-3-2017
Revised date: 2-8-2017
Accepted date: 3-10-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

A Novel Technology to Model Pressure-Induced Cellular Injuries in the Brain
