

Accepted Manuscript

Title: “Recording the human brainstem frequency-following-response in the free-field”

Author: Nuno Gama Isabelle Peretz Alexandre Lehmann

PII: S0165-0270(17)30030-4
DOI: <http://dx.doi.org/doi:10.1016/j.jneumeth.2017.01.016>
Reference: NSM 7671

To appear in: *Journal of Neuroscience Methods*

Received date: 28-11-2016
Revised date: 24-1-2017
Accepted date: 25-1-2017

Please cite this article as: Gama N, Peretz I, Lehmann A, “Recording the human brainstem frequency-following-response in the free-field”, *Journal of Neuroscience Methods* (2017), <http://dx.doi.org/10.1016/j.jneumeth.2017.01.016>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
