

## Accepted Manuscript

Auditory hindbrain atrophy and anomalous calcium binding protein expression after neonatal exposure to monosodium glutamate

Lindsey Foran, Kaitlyn Blackburn, Randy J. Kulesza

PII: S0306-4522(17)30010-6  
DOI: <http://dx.doi.org/10.1016/j.neuroscience.2017.01.004>  
Reference: NSC 17540

To appear in: *Neuroscience*

Received Date: 10 June 2016  
Revised Date: 31 December 2016  
Accepted Date: 3 January 2017

Please cite this article as: L. Foran, K. Blackburn, R.J. Kulesza, Auditory hindbrain atrophy and anomalous calcium binding protein expression after neonatal exposure to monosodium glutamate, *Neuroscience* (2017), doi: <http://dx.doi.org/10.1016/j.neuroscience.2017.01.004>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title: Auditory hindbrain atrophy and anomalous calcium binding protein expression after neonatal exposure to monosodium glutamate
