

Accepted Manuscript

Concentrations, sources and health effects of parent, oxygenated- and nitrated- polycyclic aromatic hydrocarbons (PAHs) in middle-school air in Xi'an, China

Jingzhi Wang, Hongmei Xu, Benjamin Guinot, Lijuan Li, Steven Sai Hang Ho, Suixin Liu, Xiaoping Li, Junji Cao

PII: S0169-8095(16)30500-2
DOI: doi: [10.1016/j.atmosres.2017.03.006](https://doi.org/10.1016/j.atmosres.2017.03.006)
Reference: ATMOS 3898
To appear in: *Atmospheric Research*
Received date: 24 October 2016
Revised date: 4 March 2017
Accepted date: 9 March 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
