Quantification of Branching in Fumed Silica

Andrew Mulderig, Gregory Beaucage, Karsten Vogtt, Hanqiu Jiang, Vikram Kuppa

PII: S0021-8502(17)30007-1
DOI: <http://dx.doi.org/10.1016/j.jaerosci.2017.04.001>
Reference: AS5122

To appear in: *Journal of Aerosol Science*

Received date: 5 January 2017
Revised date: 16 March 2017
Accepted date: 28 April 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and a review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
