Seawater-based wastewater accelerates development of aerobic granular sludge: A laboratory proof-of-concept

Xiling Li, Jinghai Luo, Gang Guo, Hamish R. Mackey, Tianwei Hao, Guanghao Chen

PII: S0043-1354(17)30169-0

DOI: [10.1016/j.watres.2017.03.002](https://doi.org/10.1016/j.watres.2017.03.002)

Reference: WR 12739

To appear in: *Water Research*

Received Date: 13 December 2016

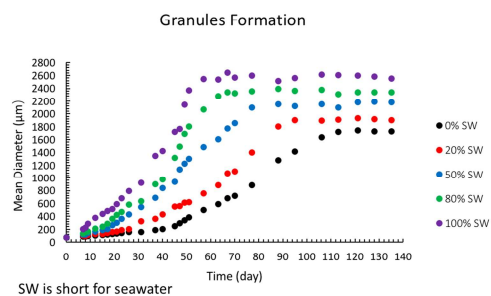

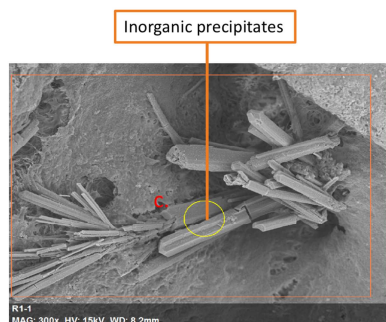

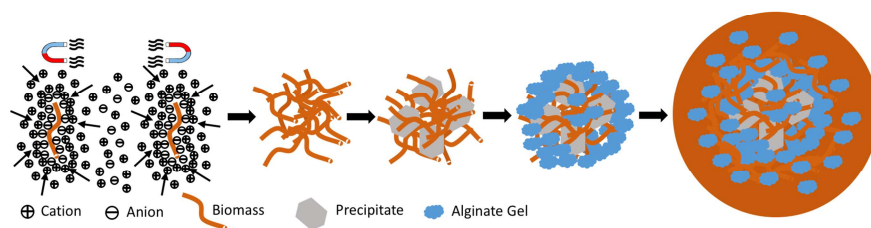

Revised Date: 22 February 2017

Accepted Date: 1 March 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Granules Formation in Seawater
