

Accepted Manuscript

Bacterial community dynamics in a cooling tower with emphasis on pathogenic bacteria and *Legionella* species using universal and genus-specific deep sequencing

Rui P.A. Pereira, Jörg Peplies, Manfred G. Höfle, Ingrid Brettar

PII: S0043-1354(17)30485-2

DOI: [10.1016/j.watres.2017.06.011](https://doi.org/10.1016/j.watres.2017.06.011)

Reference: WR 12965

To appear in: *Water Research*

Received Date: 30 November 2016

Revised Date: 15 May 2017

Accepted Date: 5 June 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
