Low-temperature thermal pre-treatment of municipal wastewater sludge: Process optimization and effects on solubilization and anaerobic degradation

Laleh Nazari, Zhongshun Yuan, Domenico Santoro, Siva Sarathy, Dang Ho, Damien Batstone, Chunbao (Charles) Xu, Madhumita B. Ray

PII: S0043-1354(16)30906-X

DOI: [10.1016/j.watres.2016.11.055](https://doi.org/10.1016/j.watres.2016.11.055)

Reference: WR 12536

To appear in: *Water Research*

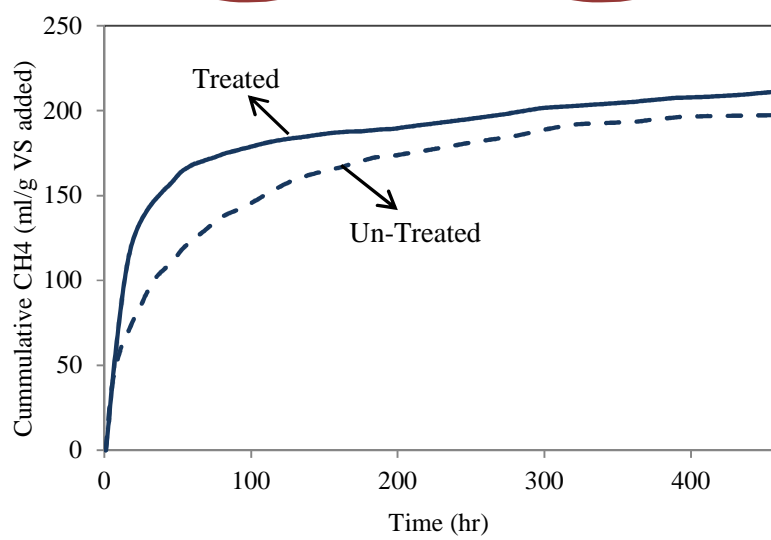

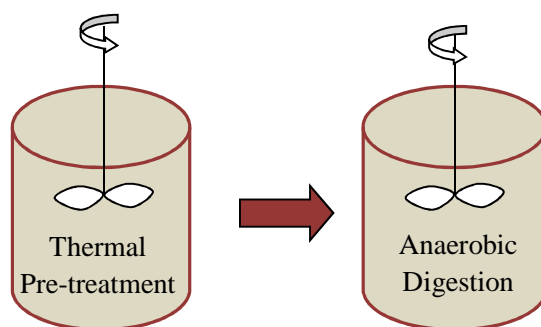

Received Date: 19 August 2016

Revised Date: 22 November 2016

Accepted Date: 23 November 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
