

Accepted Manuscript

Should we trust build-up/wash-off water quality models at the scale of urban catchments?

Céline Bonhomme, Guido Petrucci

PII: S0043-1354(16)30873-9

DOI: [10.1016/j.watres.2016.11.027](https://doi.org/10.1016/j.watres.2016.11.027)

Reference: WR 12508

To appear in: *Water Research*

Received Date: 11 April 2016

Revised Date: 5 October 2016

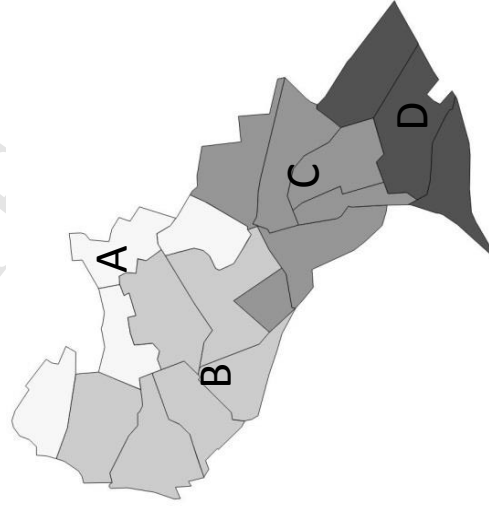

Accepted Date: 6 November 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Build-up/wash-off stormwater quality models versus neural network at the catchment scale
