

Accepted Manuscript

Direct and indirect effects of the spatial context on the natural biocontrol of an invasive crop pest

Julie-Éléonore Maisonhaute, Geneviève Labrie, Éric Lucas

PII: S1049-9644(16)30257-2

DOI: <http://dx.doi.org/10.1016/j.biocontrol.2016.12.010>

Reference: YBCON 3526

To appear in: *Biological Control*

Received Date: 13 July 2016

Revised Date: 30 December 2016

Accepted Date: 31 December 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
