## Accepted Manuscript

Title: Using Plant nutrient landscapes to assess Anthropocene effects on insect herbivores

Author: Paul A. Lenhart

PII: S2214-5745(16)30131-6

DOI: http://dx.doi.org/doi:10.1016/j.cois.2017.07.007

Reference: COIS 368

To appear in:

Received date: 17-4-2017 Revised date: 30-6-2017 Accepted date: 19-7-2017

Please cite this article as: Paul A. Lenhart Using Plant nutrient landscapes to assess Anthropocene effects on insect herbivores (2017), http://dx.doi.org/10.1016/j.cois.2017.07.007

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
