Declaration of Interest: The authors state that they have no conflicts of interest.

Contributors:

Brenda Mengeling: project design, designed and performed experiments, analyzed data, and wrote the manuscript

Yushu Wei: designed and performed experiments, analyzed data, edited the manuscript

Lucia Dorbrawa: designed and performed experiments, analyzed data, edited the manuscript

Mischa Streekstra: designed and performed experiments, analyzed data, edited the manuscript

Jochem Louisse: designed and created transgenic animals, edited the manuscript

Vikrant Singh: designed and created organic syntheses used in experiments, created figures for the manuscript
