

## Accepted Manuscript

Phytoplankton community structure and dynamics in the North Atlantic subtropical gyre

Carlos Cáceres, Antonella Rivera, Sonia González, Ricardo Anadón

PII: S0079-6611(16)30015-5

DOI: <http://dx.doi.org/10.1016/j.pocean.2016.12.003>

Reference: PROOCE 1761

To appear in: *Progress in Oceanography*

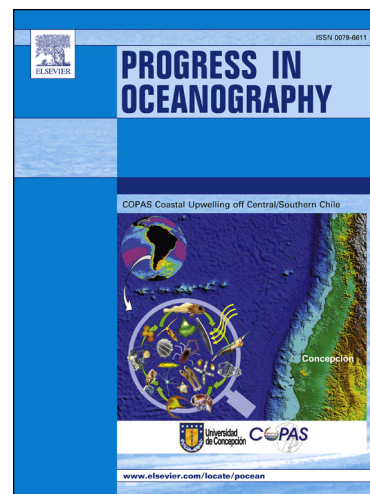

Received Date: 25 January 2016

Revised Date: 14 December 2016

Accepted Date: 15 December 2016

Please cite this article as: Cáceres, C., Rivera, A., González, S., Anadón, R., Phytoplankton community structure and dynamics in the North Atlantic subtropical gyre, *Progress in Oceanography* (2016), doi: <http://dx.doi.org/10.1016/j.pocean.2016.12.003>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## **Phytoplankton community structure and dynamics in the North Atlantic subtropical gyre**

Corresponding author: e-mail: [carlos.l.caceres@gmail.com](mailto:carlos.l.caceres@gmail.com)

Running head: Phytoplankton community structure and dynamics

Keywords: Phytoplankton growth rate, microzooplankton grazing rate, phytoplankton  
community structure, nutrient availability, subtropical gyres, dilution experiments,  
mixed models.
