Climate change impact assessment on mountain snow hydrology by water and energy budget - based distributed hydrological model

Asif M. Bhatti, Toshio Koike, Maheswor Shrestha

PII: S0022-1694(16)30671-0

DOI: <http://dx.doi.org/10.1016/j.jhydrol.2016.10.025>

Reference: HYDROL 21586

To appear in: *Journal of Hydrology*

Received Date: 15 September 2014

Revised Date: 11 October 2016

Accepted Date: 17 October 2016

Please cite this article as: Bhatti, A.M., Koike, T., Shrestha, M., Climate change impact assessment on mountain snow hydrology by water and energy budget - based distributed hydrological model, *Journal of Hydrology* (2016), doi: <http://dx.doi.org/10.1016/j.jhydrol.2016.10.025>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**CLIMATE CHANGE IMPACT ASSESSMENT ON MOUNTAIN SNOW
HYDROLOGY BY WATER AND ENERGY BUDGET - BASED DISTRIBUTED
HYDROLOGICAL MODEL**
