Mesozoic dykes and sills from Uruguay: Sr – Nd isotope and trace element geochemistry

Rossana Muzio, Elena Peel, Natalia Porta, Fernando Scaglia

PII: S0895-9811(16)30342-X

DOI: [10.1016/j.jsames.2017.04.016](https://doi.org/10.1016/j.jsames.2017.04.016)

Reference: SAMES 1700

To appear in: *Journal of South American Earth Sciences*

Received Date: 24 December 2016

Revised Date: 7 April 2017

Accepted Date: 28 April 2017

Please cite this article as: Muzio, R., Peel, E., Porta, N., Scaglia, F., Mesozoic dykes and sills from Uruguay: Sr – Nd isotope and trace element geochemistry, *Journal of South American Earth Sciences* (2017), doi: 10.1016/j.jsames.2017.04.016.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
