The Quaternary history of effusive volcanism of the Nevado de Toluca area, Central Mexico

R. Torres-Orozco, J.L. Arce, P.W. Layer, J.A. Benowitz

PII: S0895-9811(17)30141-4

DOI: [10.1016/j.jsames.2017.07.008](https://doi.org/10.1016/j.jsames.2017.07.008)

Reference: SAMES 1733

To appear in: *Journal of South American Earth Sciences*

Received Date: 4 April 2017

Revised Date: 17 July 2017

Accepted Date: 18 July 2017

Please cite this article as: Torres-Orozco, R., Arce, J.L., Layer, P.W., Benowitz, J.A., The Quaternary history of effusive volcanism of the Nevado de Toluca area, Central Mexico, *Journal of South American Earth Sciences* (2017), doi: 10.1016/j.jsames.2017.07.008.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 The Quaternary history of effusive volcanism of the Nevado de Toluca area,
2 Central Mexico.
