Emplacement of ultramafic-carbonatite intrusions along reactivated North American mid-continent rift structures

Ethan J. Shavers, Abduwasit Ghulam, John Encarnacion, Sean Hartling

PII: S0040-1951(17)30289-5
DOI: doi: [10.1016/j.tecto.2017.07.007](https://doi.org/10.1016/j.tecto.2017.07.007)
Reference: TECTO 127555
To appear in: *Tectonophysics*
Received date: 21 February 2017
Revised date: 5 July 2017
Accepted date: 10 July 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Emplacement of Ultramafic-carbonatite Intrusions Along Reactivated North American Mid-continent Rift Structures
