

## Accepted Manuscript

Calcification depths of planktonic foraminifera from the southwestern Atlantic derived from oxygen isotope analyses of sediment trap material

I.M. Venancio, A.L. Belem, T.P. Santos, D.O. Lessa, A.L.S. Albuquerque, S. Mulitza, M. Schulz, M. Kucera

PII: S0377-8398(17)30010-5  
DOI: doi: [10.1016/j.marmicro.2017.08.006](https://doi.org/10.1016/j.marmicro.2017.08.006)  
Reference: MARMIC 1659

To appear in: *Marine Micropaleontology*

Received date: 12 January 2017  
Revised date: 29 August 2017  
Accepted date: 30 August 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
