

## Author's Accepted Manuscript

*Houttuynia cordata* Thunb. polysaccharides ameliorates lipopolysaccharide-induced acute lung injury in mice

Yan-Yan Xu, Yun-Yi Zhang, Ying-Ye Ou, Xiao-Xiao Lu, Ling-Yu Pan, Hong Li, Yan Lu, Dao-Feng Chen

PII: S0378-8741(15)30032-5  
DOI: <http://dx.doi.org/10.1016/j.jep.2015.07.015>  
Reference: JEP9630

To appear in: *Journal of Ethnopharmacology*

Received date: 27 March 2015  
Revised date: 19 June 2015  
Accepted date: 16 July 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
