## Accepted Manuscript

The standardized functional observational battery: Its intrinsic value remains in the instrument of measure: The rat

David V. Gauvin, Joshua D. Yoder, David L. Holdsworth, Marci L. Harter, Jonelle R. May, Noelle Cotey, Jill A. Dalton, Theodore J. Baird

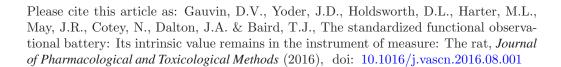

PII: \$1056-8719(16)30081-8

DOI: doi: 10.1016/j.vascn.2016.08.001

Reference: JPM 6382

To appear in: Journal of Pharmacological and Toxicological Methods

Received date: 9 April 2016 Revised date: 10 July 2016 Accepted date: 1 August 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
