

## Accepted Manuscript

Title: G protein-coupled receptor kinases as regulators of dopamine receptor functions

Author: Eugenia V. Gurevich Raul R. Gainetdinov Vsevolod V. Gurevich

PII: S1043-6618(16)30417-0  
DOI: <http://dx.doi.org/doi:10.1016/j.phrs.2016.05.010>  
Reference: YPHRS 3170

To appear in: *Pharmacological Research*

Received date: 2-3-2016  
Revised date: 3-5-2016  
Accepted date: 6-5-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**G protein-coupled receptor kinases as regulators of dopamine receptor functions**
