Transmembrane Transport of Steviol Glucuronide and Its Potential Interaction with Selected Drugs and Natural Compounds

Meiyu Wang, Huixin Qi, Jiajun Li, Yunting Xu, Hongjian Zhang, Ph.D.

PII: S0278-6915(15)30081-8

DOI: [10.1016/j.fct.2015.10.011](https://doi.org/10.1016/j.fct.2015.10.011)

Reference: FCT 8417

To appear in: *Food and Chemical Toxicology*

Received Date: 2 September 2015

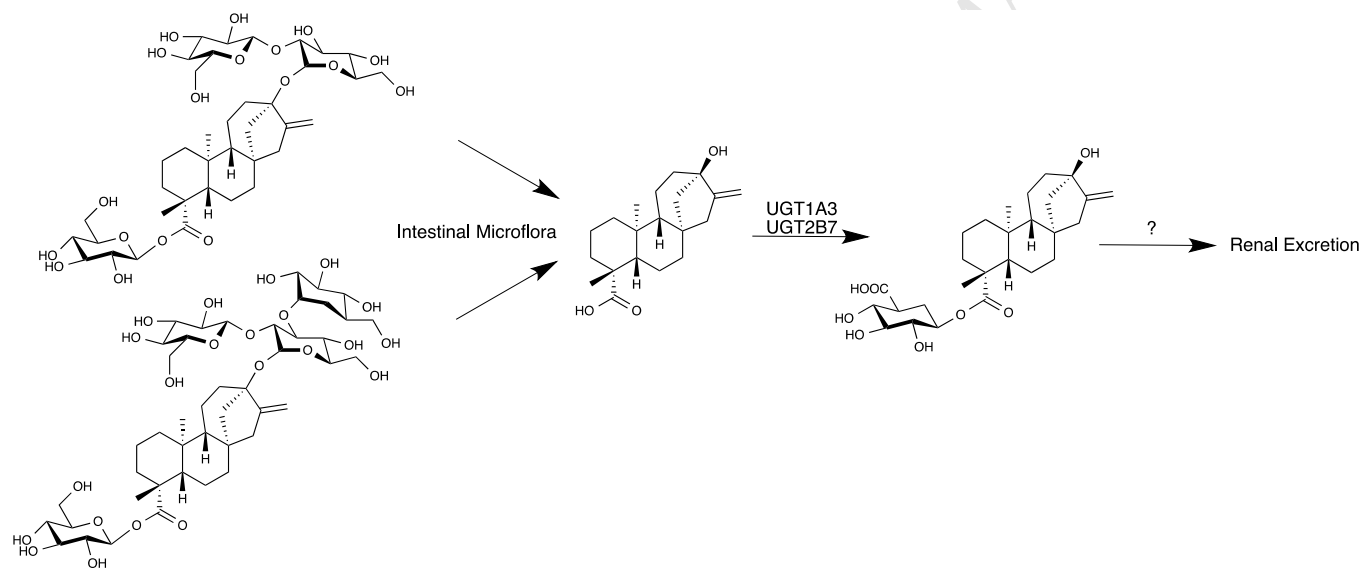

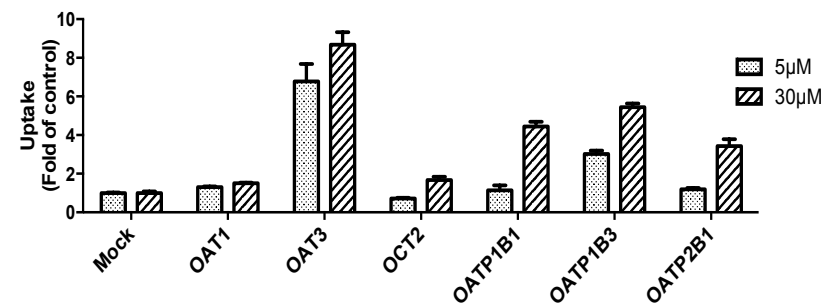

Revised Date: 17 October 2015

Accepted Date: 20 October 2015

Please cite this article as: Wang, M., Qi, H., Li, J., Xu, Y., Zhang, H., Transmembrane Transport of Steviol Glucuronide and Its Potential Interaction with Selected Drugs and Natural Compounds, *Food and Chemical Toxicology* (2015), doi: 10.1016/j.fct.2015.10.011.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Proposed mechanism and involvement of uptake transporters in the transmembrane transport of steviol glucuronide
