## Accepted Manuscript

Original article

Prevention versus treatment of intrathecal morphine-induced pruritus with ondansetron

A.T. Kung, X. Yang, Y. Li, A. Vasudevan, S. Pratt, P. Hess

PII: S0959-289X(14)00069-7

DOI: http://dx.doi.org/10.1016/j.ijoa.2014.04.007

Reference: YIJOA 2287

To appear in: International Journal of Obstetric Anesthesia

Accepted Date: 26 April 2014

Please cite this article as: Kung, A.T., Yang, X., Li, Y., Vasudevan, A., Pratt, S., Hess, P., Prevention versus treatment of intrathecal morphine-induced pruritus with ondansetron, *International Journal of Obstetric Anesthesia* (2014), doi: http://dx.doi.org/10.1016/j.ijoa.2014.04.007

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
