Differential Effects of Left Ventricular Pacing Sites on Regional Contraction Patterns and Global Performance
Regional Contractile Dyssynchrony during LV Pacing

Michael R. Pinsky, Hyung Kook Kim, Sven Zenker, Lauren Johnson, Sanjeev Shroff

PII: S1053-0770(16)00053-7
DOI: <http://dx.doi.org/10.1053/j.jvca.2016.01.024>
Reference: YJCAN3550

To appear in: *Journal of Cardiothoracic and Vascular Anesthesia*

Received date: 4 November 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Differential Effects of Left Ventricular Pacing Sites on Regional Contraction Patterns and
Global Performance**
