Title: Application of Percolation Theory on Hydrophobic Membrane with High Adhesive Force

Author: Tang Hongzhe Wu Zhe

PII: S0927-7757(16)30190-X
DOI: <http://dx.doi.org/doi:10.1016/j.colsurfa.2016.03.048>
Reference: COLSUA 20529

To appear in: *Colloids and Surfaces A: Physicochem. Eng. Aspects*

Received date: 23-11-2015
Revised date: 15-3-2016
Accepted date: 17-3-2016

Please cite this article as: Tang Hongzhe, Wu Zhe, Application of Percolation Theory on Hydrophobic Membrane with High Adhesive Force, *Colloids and Surfaces A: Physicochemical and Engineering Aspects* <http://dx.doi.org/10.1016/j.colsurfa.2016.03.048>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Application of Percolation Theory on Hydrophobic Membrane with High Adhesive Force
