

Accepted Manuscript

The tempo and mode of New World monkey evolution and biogeography in the context of phylogenomic analysis

Natalie M. Jameson Kiesling, Soojin V. Yi, Ke Xu, F. Gianluca Sperone, Derek E. Wildman

PII: S1055-7903(14)00130-4

DOI: <http://dx.doi.org/10.1016/j.ympev.2014.03.027>

Reference: YMPEV 4867

To appear in: *Molecular Phylogenetics and Evolution*

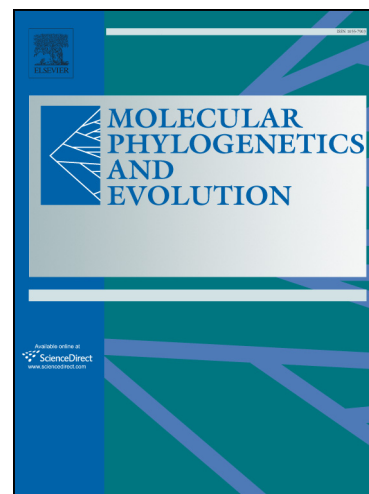

Received Date: 22 April 2013

Revised Date: 24 February 2014

Accepted Date: 18 March 2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

The tempo and mode of New World monkey evolution and biogeography in the context of phylogenomic analysis
