Biomolecular mechanisms in varicose veins development

Oliwia Anna Segiet, MD Marlena Brzozowa, PhD Adam Piecuch, Damian Dudek, PhD
Edyta Reichman-Warmusz, PhD Romuald Wojnicz, MD, PhD

PII: S0890-5096(14)00596-2

DOI: [10.1016/j.avsg.2014.10.009](https://doi.org/10.1016/j.avsg.2014.10.009)

Reference: AVSG 2154

To appear in: *Annals of Vascular Surgery*

Received Date: 3 July 2014

Revised Date: 7 October 2014

Accepted Date: 19 October 2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
